

Part A - Write two professional emails:

By Abhishek Singh

Reg no: 25BCE10103

Email 1 – Write an email from a student to their professor requesting an extension on an assignment submission deadline. The email must follow all professional email rules.

Dear Professor,

I hope this message finds you well

I am reaching out today in regard to my Digital Literacy Assignment due on March 31. Unfortunately, due to some unforeseen circumstances, I have not been able to produce a satisfactory final product in the time allowed.

If you would be willing to grant me an extension until April 2, I would certainly do everything possible to submit a high-quality assignment.

Thanks in advance for your understanding and cooperation.

*Best wishes,
AbhishekSingh

Email 2 – Write an email from a student to an internship coordinator at a company, expressing interest in a summer internship opportunity.

Dear Summer Internship Coordinator

I hope this email finds you well.

I want the opportunity to apply for a summer intern position with your company because I am a 1st Year BTech Student in CSE Core at VIT Bhopal. I am very interested in gaining some practical experience to help develop my talent as well as become familiar with how to succeed at work.

The Area where I would like to work would be one that uses both my academic knowledge/skills to develop products in either data science sector or cloud computing.

I am a fast learner and will work hard to make a positive contribution while learning about the industry at the same time.

If you have any internships available this summer please consider me for an internship position. Attached you will find my resume. If you should require anything else please do not hesitate to reach out to me.

Thank you for taking the time to review my application, and I look forward to hearing from you shortly.

*Sincerely,
AbhishekSingh
